

Instructions Prior to Scanning

1. Ear protection is provided during your MRI examination to obstruct the noise level.
2. Remove all jewelry (e.g., necklace, rings, watch, bracelets, etc)
3. Remove all hairpins, bobby pins, barrettes, clips, etc.
4. Remove all dentures, false teeth, and partial dental plates.
5. Remove hearing aids.
6. Remove eyeglasses.
7. Remove your watch, pager, cell phone, credit cards, bankcards, and all other cards with a magnetic strip.
8. Remove body-piercing objects.
9. Colored contacts must be removed
10. Please notify our office if you have any surgically implanted devices in your body, or any history of metal slivers in eyes.
11. Please notify our office if you are diabetic, have high blood pressure, or kidney disease.

- **A driver must be present if patient is self-medicated for anxiety/claustrophobia.**

I have read and understand the entire contents of this form and I have had the opportunity to ask questions regarding the information on this form.

Factors such as weight, body habitus, and scan type may determine if scan can be performed.
